

WELCOME TO OUR NEW PURPOSE-BUILT CHILDCARE FACILITIES

CHILDCARE 1.0 (ALREADY BUILT)

Compliance and consultation

- Designed to the National Quality Framework
- Architecturally designed with input from a specialist consultant team and key regulatory bodies such as NCA and CECA.
- Focus on access and compliance with the Disability Discrimination Act (DDA)
- Lifespan will exceed 15 years, and longer with a solid statutory and preventative maintenance schedule of works

Environment

- Oriented to capture views of the lake and trees
- Distinct colour palettes and themed wayfinding in each room
- Unique external materials for a distinctive identity
- Welcoming feel with quality finishings in every room
- High-quality appliances and tea points in each room
- Additional kitchen for food preparation

Ample Space

- Space allowance exceeds requirements, with generous outdoor play areas
- Large covered outdoor verandah for fresh air during all weather conditions
- Dedicated admin/staff rooms with natural light and ventilation
- Spacious lobby with pram parking and secure entry observation

Sustainability

- Entirely electric with no gas usage
- Insulated floor, walls and roof to reduce operational heating and cooling costs

CHILDCARE AT ANU

ANU has invested in brand-new, purpose-built childcare facilities. With one facility already completed and the second under construction, we are excited to offer modern, fit-for-purpose childcare centres on campus. We are currently working with current ANU community providers to establish operators for 2025.

CHILDCARE 2.0 (UNDER CONSTRUCTION)*

Compliance and consultation

- Designed to the National Quality Framework
- Architecturally designed with input from a specialist consultant team and key regulatory bodies such as NCA and CECA
