Arrival

- We request that one person, or a small number of people come to the Office to collect keys and field station information
- This person/s should be our central point of contact for the group. The office is located in the Homestead at top of The Avenue driveway. Please park outside the gate and come up the path and inside the front veranda you will find the office door just to the right
- All other group members should meet in a central place that you have decided on before arrival with the rest of the group

Housekeeping Issues

- SAND – please remove all sand outside before showering
- **Sand clogs the fine mesh in the worm farms where all waste water is processed**
- Please rinse Swimming Costumes/Shorts outside, not in hand basins or showers, this will avoid sand ending up in the worm farm. Clothes lines are provided outside most buildings
- Read all Beach and Water Safety information

- Please ensure all doors & windows are closed when you have left your buildings
- Please make notes of any cleaning or maintenance issues on the Departure Form that will be in the Field Station Information Folder
