

# Help us to achieve our digital ambitions

We are looking for clever and creative, passionate and energetic people with different skills, backgrounds, and experiences.

We want to hear from you if you:

- are ready for a **new challenge** that brings growth and opportunity
- want to really make a difference to the national mission of our world-leading University, it's students and staff
- have experience working in **large-scale digital transformations**
- embrace **collaboration** and understand the importance of **fostering a positive and inclusive team culture**
- appreciate working in an environment **embracing contemporary ways of working**
- are hands on and **adaptive to working across various initiatives and projects**, understanding there are times you will need to work outside of your immediate scope to get things done for the benefit of the team
- feel comfortable working in situations that can sometimes bring a level of ambiguity and uncertainty.

## Our plan for a better digital future

Our Digital Master Plan will see the University embark on the biggest digital transformation in our history.

It will be a transformation that matches our mission to be among the great universities of the world and driven by a culture of excellence in everything we do. Our digital future will transform the experience of ANU for our students, researchers, academics, professional staff and the wider community.

We are seeking great people to be a part of this history making journey.

The first two strategic programs to launch under the [Digital Master Plan](#) are **Student First Program** and the **Digital Infrastructure and Cloud Enablement (DICE) Program**. Our Student First Program is focused on improving the end-to-end student experience, from application to graduation. The DICE program is focussed on stabilising and improving a range of core digital foundations. Multiple projects will sit underneath these two programs with a further three digital programs of work expected to be approved in 2022.

The principles to delivering these programs will include, but not limited to:

- human centred design - co-design processes that include both staff and student voices
- agile ways of working
- embedding digital capability into the way we work
- end to end service delivery view
- secure, accessible & inclusive by design
- treating data as a core asset
- cloud right approach to delivering and sourcing.

# Working at the Australian National University

ANU is home to some of the most remarkable people from across the world: visionaries, influential leaders, researchers and advocates creating impact and change nationally, regionally and globally.

ANU attracts exceptional staff and students and, through education and enrichment programs, helps them to achieve ambitious goals, and pursue brilliant careers.

The Australian National University (ANU) was established by an Act of the Federal Parliament in 1946. Its founding mission was to be of enduring significance in the post-war life of the nation, to support the development of national unity and identity, to improve Australia's understanding of itself and its neighbours, and to contribute to economic development and social cohesion.

In the seven decades since, the University has cemented its unique national position and standing as one of the world's finest institutions, confirming the mandate and the faith of its founders.

Ranked in the top 30 universities globally, the first Australian university to be recognised in this elite tier, ANU continues to be an academic resource for the whole of Australia.

Working at ANU, our staff enjoy some amazing employee benefits including:

- highly flexible working arrangements and locations
- competitive salary and generous 17 percent superannuation
- generous leave entitlements including long service leave
- excellent support for skills development
- family friendly working environment including generous paid parental leave, good work/life balance and an inclusive and supportive culture.

It is an exciting time at the ANU, and a great time to join us!
