EMERGENCY DOOR RELEASE

How to operate a break glass unit

1. Proceed to nearest emergency exit

2. If door is locked locate green or white break glass unit. (located adjacent to the door you wish to exit)

3. Firmly press the centre of the glass as indicated on the break glass unit

4. The door will now be able to open

5. Open door, proceed to the emergency assembly area.

6. Advise ANU Security of the incident on 612 52249
