

Fire Blankets

GENERAL INSTRUCTIONS FOR USE:

- Ensure that you are positioned between the fire and a safe exit / escape route.
- Pull tapes to remove blanket from container
- Hold blanket by the tapes, use the blanket to shield your face and hands.
- Carefully lower the blanket over the top of the container. Cover burning material completely. Leave to cool for at least 30 minutes, keeping out of the smoke.
Do not attempt to throw the blanket over the fire.
- Turn off the electrical or gas supplies and leave the closing all doors behind you

Call Fire Brigade **0-000** and contact ANU security **52249**
