

Moodle 3.5 – Known Issues for 2nd to 4th December System Upgrade

Known Issue	Severity	Issue Description	Workaround	Target Resolution Schedule
Adobe Connect – Adobe connect activity allows duplication	Medium	Clicking Duplicate for Adobe Connect activity would result in an error message. Adobe Connect will NOT be duplicated as per design. The original Adobe Connect activity will work as expected.	Do not click on Duplicate for the Adobe Connect activity	January 2019
Turnitin – Fix Assignment Setting – misalignment.	Minor - Cosmetic	Report generation speed field was out of line, due to formatting.	No work around as this is an alignment/presentation issue.	January 2019
Poodll – Fix layout issues.	Minor - Cosmetic	Multiple issues with the display of Poodll, due to formatting.	No work around as this is an alignment/presentation issue.	January 2019
Moodle Theme – Prevent selection dropdowns from being full width.	Minor - Cosmetic	The selection attributes for select dropdowns default to 100% in Moodle 3.5. This item reset them to maximum width of the contents of the dropdown.	No work around as this is an alignment/presentation issue.	January 2019
