

## Echo360 Active Learning Platform (ALP) Login Instructions

Several alternatives are available to access Echo360 ALP. For ANU staff and students we recommend the first two options stated below.

### Option 1 (Highly recommended) - Access Echo360 ALP from the Wattle Course

Students and staff members are strongly encouraged to access their Wattle course and click on the Echo360 Active Learning Platform activity link available on the course main page.

Image 1: Echo ALP Activity Link on Moodle course

### Option 2 (Recommended) – Institution Login Method

Occasionally students and staff will be directed to Echo360 ALP login (Image 2) page at [echo360.org.au](https://echo360.org.au) due to following reasons:

- ALP session timeout
- Logout from Echo360 ALP by selecting the logout option available in ALP

1) Enter your university email address ([uXXXXXXX@anu.edu.au](mailto:uXXXXXXX@anu.edu.au)) and click **SUBMIT**.

Enter email

Enter your school assigned email address. If your school uses single sign-on you will be redirected to the appropriate login page.

Email

[Sign up as a new user](#) [Alternate login](#)

Image 2: Echo ALP Login page view

- 2) On the “Select institution” page (Image 3), choose “The Australian National University” from the dropdown menu and click **SUBMIT**.

## Select institution

Select the institution for login

Choose institution ▼

Choose institution

The Australian National University

Image 3: Choose an Institution pop-up window

- 3) When you see the “ANU Federation Login” page (Image 4).
  - a) Enter your ANU ID and ISIS/HORUS password.
  - b) Click **Continue** to proceed.

### ANU Federation Login

You are accessing the site **AttributeContract**

This site has asked that you log in and you have chosen **Australian National University** as your home institution.

Please login with your Uni ID and password.

**Uni ID:**

**Password:**

Don't Remember Login

Clear prior granting of permission for release of your information to this service.

Image 4: ANU Federation Login page

- 4) If you never logged in previously or login after some time from the last one to ANU Federation service, an information release consent page will appear (Image 5).
- Select a preferred information release consent option.
  - Click **Accept**.

You are about to access the service:  
**AttributeContract**

Information to be Provided to Service	
PingConnectNameID	██████████@anu.edu.au
PingConnectemail	██████████@anu.edu.au
auEduPersonPreferredGivenName	Active
givenName	Active
surname	Lecturer
uid	██████████

The information above would be shared with the service if you proceed. Do you agree to release this information to the service every time you access it?

Select an information release consent duration:

- Ask me again at next login
  - I agree to send my information this time.
- Ask me again if information to be provided to this service changes
  - I agree that the same information will be sent automatically to this service in the future.
- Do not ask me again
  - I agree that **all** of my information will be released to **any** service.

This setting can be revoked at any time with the checkbox on the login page.

Image 5: User review page

- 5) Echo360 ALP Dashboard will then appear with a list of the courses you have access to.

### Option 3 (Discouraged) – Sign Up As a New User and Alternate Login

It is **NOT** recommended to click on “Sign up as a new user” and “Alternative login” link.

Sign up as a new user method is inactive at the enterprise level. Therefore, no ANU users can use this option.

Alternative login method will create a new manual password **with** Echo360 provider directly. This password is **independent** of the password in **HORUS** or **ISIS**. By changing HORUS or ISIS password, the Echo360 ALP password will not get synced/updated and thus please refrain from using this method.
